Mr. Carlstrom said he has the views letters on his desk and will begin to process them through the OMB apparatus today. He said the process would take two weeks. Mr. Carlstrom said there should be no problem clearing them for transmittal to the appropriate House and Senate Committees.

17. (Unclassified - NDL) LIAISON Received a call from George Murphy, Senate Office of Classified National Security Information, who asked if we could furnish him sometime today with a stamp bearing the word "Sensitive." He explained that he was doing a Top Secret Sensitive report and needed the stamp in order to finish it. I told him I would see what I could do. He later called back and said he was going to borrow a "Sensitive" stamp from the House Permanent Select Committee on Intelligence and didn't need to bother us.

18. (Unclassified - NDL) LIAISON Received a call from Jim Thessin, Senate Foreign Relations Committee staff, who asked if I would check to see if the 31 May issue of the "International Energy Biweekly Statistical Review" had been sent to him. He was concerned that he had not received it yet. After checking with CSS/NFAC, I called Mr. Thessin back and told him the publication had been forwarded on 1 June. He said he would do some further checking. He later called back and said he had located it.
